PLAN TO KEEP OUR CHILD SAFE WHILE AT HOME

1. Keep over the counter (e.g., acetaminophen, ibuprofen) and/or prescription medicines in a locked cabinet or box.
2. If you have firearms in the home, consider removing them. If you can't, store firearms in a secure place, use gun safety locks, and store ammunition securely and separately.
3. Pay attention to your child's moods and behaviors. If you notice significant changes, talk to your child and contact your pediatrician, family physician, and/or behavioral health provider.

SCAN ME

Use a lock bag or locked cabinet to securely store all over the counter and prescription medicines. Drop off unused or expired medicines at a local drop box site. Scan the QR code or visit [riprevention.org/campaigns](https://riprevention.org/campaigns) to order a free medicine lock bag or to find a drop box location near you.
